Assumption of Risk

The novel coronavirus (COVID-19) has been declared a worldwide pandemic by the World Health Organization. COVID-19, like many other viruses, is extremely contagious and is believed to spread mainly from person-to-person contact. As a result, federal, provincial, municipal governments and health agencies continue to recommend the practice of social distancing.

While the Municipality of Tweed has put in place preventative measures to reduce the spread of COVID-19, the Municipality cannot guarantee that you and/or your child(ren) will not become infected with COVID-19, or any other virus. Attending facilities in the Municipality of Tweed could increase your risk and your child(ren)'s risk of contracting COVID-19, or any other virus.

These procedures are in place to help protect all Municipality of Tweed facility users and staff. Procedures will be reviewed on an ongoing basis and changes will be made as needed and when possible. The Municipality of Tweed thanks everyone for their cooperation.
